## **BOOK SYNOPSIS**

Like the very popular first edition, this second edition puts the reader in the place of a first-year attorney faced with real life assignments. In doing so, it teaches law students not only how to succeed in law school, but also how to succeed in the practice of law. Using graphics and visual samples, the book shows best practices in both traditional and electronic environments. Speaking to its readers in a straightforward manner, A Lawyer Writes communicates essential skills and theories so that they will be retained for a lifetime of legal practice. This edition is updated as a whole, and new chapters on client letters and the transition to persuasive writing have been added.
