Fans of Robert Jordan and Brandon Sanderson will find much to admire." - Guardian "Islington has built a world with all the right genre elements: complex magic, terrifying threats out of legend, political intrigue, and a large cast of characters whose motivations are seldom clear. Fans of doorstep epic fantasy will not be disappointed." - Publishers Weekly "Ingeniously plotted...Islington's natural storytelling ability provides incessant plot twists and maintains a relentless pace...A promising page-turner from a poised newcomer." - Kirkus "Wonderful worldbuilding and terrific characters." - Boing Boing "Will appeal to anybody looking for a coming-of-age fantasy tale with likeable characters and strong world building." - Fantasy Faction As destiny calls, a journey begins. It has been twenty years since the god-like Augurs were overthrown and killed. Now, those who once served them - the Gifted - are spared only because they have accepted the rebellions Four Tenets, vastly limiting their powers. As a Gifted, Davian suffers the consequences of a war lost before he was even born. He and others like him are despised. But when Davian discovers he wields the forbidden power of the Augurs, he sets into motion a chain of events that will change everything. To the west, a young man whose fate is intertwined with Davian's wakes up in the forest, covered in blood and with no memory of who he is... And in the far north, an ancient enemy long thought defeated begins to stir. The Licanus Trilogy
